SURGICAL SKILLS COURSE

The Cutting Edge 2017: Arthroscopic and Open Shoulder Techniques in the Athlete’s Shoulder

October 13–14, 2017
OLC, Rosemont, IL

The American Orthopaedic Society for Sports Medicine
COURSE DESCRIPTION
This course is designed for the orthopaedic surgeon who treats shoulder injuries in athletes. We offer current state-of-the-art techniques and treatment recommendations from world-class faculty, as well as hands-on cadaveric training in the OLC.

COURSE OBJECTIVES
• To provide attendees with the current best practice instruction on open and arthroscopic treatment of athletic shoulder injuries from world-class faculty.
• To provide practical and personal hands-on cadaveric surgical training in the techniques.

WHO SHOULD ATTEND THIS COURSE
• Senior resident or fellow in sports medicine
• Attending surgeon with practice interest in athletic shoulder injuries
• Sports medicine surgeon who wants to improve shoulder technical skill

AMERICANS WITH DISABILITIES ACT
The AOSSM wishes to take those steps to ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aids and services. If you require any of the auxiliary aids or services identified in the Americans with Disabilities Act in order to attend this program, please contact AOSSM prior to arrival at info@aossm.org

PROGRAM INDEPENDENCE
AOSSM attests that the people responsible for the development of this live activity did so independently and were not influenced in any way by commercial supporters.

CONTINUING MEDICAL EDUCATION CREDIT
The American Orthopaedic Society for Sports Medicine (AOSSM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. AOSSM designates this live activity for a maximum of 12.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLAIMER
The material presented in this continuing medical education program is being made available by the AOSSM for educational purposes only. This material is not intended to represent the only methods or procedures appropriate for the medical situation discussed, but rather it is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations. Neither the content (whether written or oral) of any course, seminar or other presentation in the program, nor the use of a specific product in conjunction therewith, nor the exhibition of any materials by any parties coincident with the program, should be construed as indicating endorsement or approval of the views presented, the products used, or the materials exhibited by the AOSSM, or its Committees, Commissions, or Affiliates. The AOSSM makes no statements, representations or warranties (whether written or oral) regarding the Food and Drug Administration (FDA) status of any product used or referred to in conjunction with any course, seminar or other presentation being made available as part of this course. Faculty members shall have sole responsibility to inform attendees of the FDA status of each product that is used in conjunction with any course, seminar or presentation and whether such use of the product is in compliance with FDA regulations.

DISCLOSURE STATEMENT
In accordance with the guidelines of the ACCME, it is the policy of the AOSSM that faculty and planners disclose to the learners all financial relationships during the past twelve months with any commercial interest (any entity producing, marketing, re-selling, or distributing health care goods and services consumed by, or used on, patients). Any and all disclosures will be provided in the final program that is distributed at the meeting. In accordance with AOSSM policy, faculty participation is predicated upon timely submission and review of AOSSM disclosures. Non-compliance results in faculty being stricken from the program.
