Don’t miss AOSSM’s 2016 Annual Meeting, July 7–10, 2016 in Colorado Springs, Colorado. This beautiful setting at the base of the Rocky Mountains at the Broadmoor Resort will be an unprecedented learning experience. Kurt P. Spindler MD, 2016 Program Chair, and his committee have created an exciting and engaging meeting that incorporates three concurrent sessions, integrated surgical skills demonstrations and enhanced afternoons of learning. A few key program highlights include:

- Presidential Guest Speaker, Sam Rutigliano, former Cleveland Browns coach and ESPN Analyst
- Live surgical skills learning on pediatric ACLR tunnels, hip arthroscopy, bicep tendon repair, and chondral focal defects
- Round table case discussions on articular cartilage lesions, revision ACL, patella femoral instability, revision shoulder instability, large rotator cuff tear and hip pathology
- 27 instructional courses
- 63 posters and afternoon discussions with the authors
- More than 50 scientific podium presentations covering the latest sports medicine research along with marketing and managing your practice, measuring patient outcomes, and roles of the team physician in return-to-play decisions
- Afternoon Medical Publishing Group Workshop

If you’ve never been to Colorado Springs or even if you have, there is no shortage of activities for the whole family, including Cheyenne Mountain Zoo, Garden of the Gods, Cave of the Winds, Manitou Incline, Pikes Peak, Royal Gorge, U.S. Olympic Training Center, hiking, horseback riding and river rafting down the Arkansas River, just to name a few! Our meeting format is especially designed for attendees and their families to enjoy time together and participate in all that Colorado has to offer while still networking with colleagues and collaborating on ways to manage sports medicine issues and treatments.

Our Thursday opening reception will be held outdoors on the West Lawn of The Broadmoor. This fun, family-friendly ending to the first official day of the meeting will reconnect you with friends and colleagues. In addition, you’ll need to grab your cowboy boots and jeans for our annual family party this year, which will be held on Saturday night around the outdoor pool at The Broadmoor. You won’t want to miss Loop Rawlins, master trick roper and magician Doc Eaton, along with a mechanical bull, mining sluice, and the Quick Draw Saloon Shoot Out. Horses, cattle, birds of prey, and socialized ambassador wolves will also be on hand to interact with and learn about their important roles in the Rocky Mountains.

We look forward to seeing you out West this upcoming July for the best in sports medicine education, research and fellowship. For more information and to register please visit www.sportsmed.org/aossminis/annualmeeting. See you in Colorado Springs!
