

Sports Medicine Orthopaedic Surgeon

UNIVERSITY OF CALIFORNIA, SAN FRANCISCO

Assistant/Associate Professor Position

The Department of Orthopaedic Surgery is recruiting for an Orthopaedic Surgeon with subspecialty expertise in sports medicine. The practice will focus on sports medicine and shoulder surgery. The incumbent will be expected to collaborate with our bioinformatics, biomechanics and bioimaging laboratories as well as publish subsequent results in peer reviewed journals. The candidate will also be responsible for providing an integral role to teach clinically relevant topics for residents as well as medical students and fellows. Both didactic and bedside teaching is required.

Requirements:

- A valid California medical license will be required as a condition of employment.
- Board certified or eligible in Orthopaedic Surgery.
- Completed an accredited Orthopaedic Surgery residency program.
- Completed a Sports Medicine/Shoulder Surgery fellowship program.
- Associate level candidates will have experience beyond the fellowship year, and research and teaching experience in an academic institution.
- Applicant's materials must list (pending) qualifications upon application submission.
- Applicants must meet all of the requirements by the time of hire.

UCSF seeks candidates whose experience, teaching, research, or community service has prepared them to contribute to our commitment to diversity and excellence.

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status.

Please apply online with CV, Cover Letter, Statement of Contributions to Diversity, and three (3) Reference Contacts at <https://apptkr.com/1671297>.
